## Revenue Cycle Management

Your facility depends on quick billing and collecting, Centro Medical Billing is the smart and cost-effective choice for EMR, Coding and medical billing services. We provide 100% transparency, real-time access, unequalled responsiveness, technical expertise, and a secure, state-of-the-art infrastructure that's ICD 10 compliant.

Partnering with Centro Medical Billing for your billing means having the solutions you need to help reduce payment turnaround time. From speeding up payments and shortening your revenue cycle to provide you with software that you can utilize from anywhere you have Internet access – we're here to help you. Our focus is to enable you to achieve maximum billing reimbursement through comprehensive strategies that allow you to stay focused on growth and profitability.

At Centro Medical Billing, our versatility sets us apart from our competitors. We currently service several medical specialties and have experience in many billing and EMR systems. With no interruption with your office, we are able to handle billing with your existing PM/EMR system.

We are equally committed to higher and faster collections for you.

Since 2010 Centro Medical Billing has been working with healthcare providers to accelerate revenue cycle, increase collections and help with coding.

Increasing Collections by **10%** to **25%**

Reducing overhead expenses by as much as **40%**
